Center is a privately held company headquartered in Bellevue, WA, with offices in Minneapolis, MN and a nationwide workforce.

We've experienced first-hand how smart corporate spending can fast-track strategic growth and success. We know this because we've dedicated our careers to thinking about it. Our founders shaped the first wave of spend management innovation, and continually draw upon their heritage to transform the space. They built Center to empower businesses with modern tools that enable better decisions, increase efficiencies and drive profitability.

Center's core offering is an integrated corporate card + configurable software that eliminates the traditional expense report

Used by businesses across industries to save time, improve operations and compliance and deliver real-time insights to finance teams for better decision-making

Center reduces the time spent on review, audit, and post by 90%

Center helps business of all sizes:

- **Close the books faster**

- Reduce the number of days between **spend and expense submission**

- Increase the number of expenses submitted with a **receipt**

- Accelerate month-end close from **~21 days to <2**

- Ensure success with simple, **white-glove deployment** process
