ORGANIZATIONS THAT RELY ON ONPHASE

END-TO-END AUTOMATION FOR BACK OFFICE EFFICIENCY

AP Automation

End-to-end automation with smart invoice capture, rules-based routing, email approvals, and automated 3-way matching.

Consumer & Supplier Payments

Accelerate supplier payments, reduce DSO, and improve cash flow with flexible payment options and stronger partnerships.

Document Management

Instantly search and access files with built-in audit trails and compliance support.

Online Forms & Workflow

Replace paper and fillable PDFs with online forms and low-code workflow automation.

Smart Data Capture

Capture header & line-item data with 99.99% accuracy using our human-assisted AI.

AI-Driven Insights

Enhance visibility into your bottom line, track spending patterns, and identify potential fraud early.

Our net income is up, we are able to do more with less, and Goodwill Industries of Middle Tennessee is growing.

Ed O'Kelley

Senior Director of Technology Solutions
